

2007 SECOND LEVEL TEST 3

This Test Modified by NWhA and Reprinted with Permission of USDF

Purpose: To confirm that the horse, having demonstrated that it has achieved the thrust (pushing power) required in First Level, now shows that through additional training it accepts more weight on the hindquarters (collection), shows thru uphill tendency required at the medium gaits and is reliably on the bit. A greater degree of straightness, bending, suppleness, thoroughness, balance and self-carriage is required than at First Level.
